Family Meal Heating Instructions

Easter Dinner

1. Preheat your oven to 375°.
2. Place the meal in your preheated oven.
3. Bake for 40-45 minutes, or until heated to your desired temperature.
4. While meal is in the oven heating, remove the challah rolls from their packaging and place on a baking sheet. Place in the oven during the last 7 minutes of baking time to have nice warm rolls.
5. Remove the meal and challah rolls from the oven and enjoy.

Only need to heat a couple of portions?

We suggest heating up individual portions on separate microwave-safe plates one at a time. For best results, cover with plastic wrap, and heat until the meal has reached your desired temperature, about 1½ minutes.
