Family Meal Heating Instructions

Julienne Vegetable Risotto

1. Preheat your oven to 375^o.
2. Place the covered pan of Julienne Vegetable Risotto in your oven.
3. Bake for 40-45 minutes, or until heated to your desired temperature.

Only need to heat a couple of portions?

We suggest heating up individual portions in separate microwave-safe bowls one at a time. For best results, cover bowls with plastic wrap and heat until the risotto is heated to your desired temperature, about 1½-2 minutes.
